

J. Rockett Audio Designs

Controls

- **Boost:** Controls the overall output.
- **Tone:** Controls the overall tone.

Settings

Lenny was a happy accident. We set out to design a recreation of the legendary Dumble Steel String Singer but thought...who needs a loud, clean amp sound in a pedal? The guy that made the Steel String Singer come alive was none other than SRV. With that said, Lenny was born! It was our intention to create a Steel String Singer being pushed to create color, texture and feel versus just loud and clean. Simply put, this is a very musical boost that colors your tone considerably, in an inspiring way...kind of like a Neve console. There is a definite mid character, but boy does it cut through a mix!

All J. Rockett Audio Designs pedals operate off of the standard BOSS type 9 volt adapter or a single 9 volt battery. The power input is a 5.5 mm x 2.1 mm jack with the positive voltage on the outer sleeve. Using an external power supply will automatically disconnect the battery. Disconnect the input jack to preserve battery life when not in use or when not used with an appropriate, external power supply.

2.1mm x 5.5 mm tip/negative plug

Warranty

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at chris@rockettpedals.com or jay@rockettpedals.com or call us at 760-419-1345.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at 760-419-1345. No other warranty is expressed or implied.
